# Q218—public flotation jackpot

## Laura DeFrancesco

This quarter the initial public offering (IPO) market set records for the amount of money raised while other financings dropped slightly from previous quarters. Much of the bonanza came from the East: Chinese biotechs increasingly contributed to the global picture. A notable

#### Stock market performance

The peak biotech stock index in 2Q18 was within a few percentage points of its historic high from mid-2015.

Global biotech initial public offerings

### Global biotech venture capital investment

The venture capital bonanza continues, with funds still pouring in, especially from China.

Laura DeFrancesco is Senior Editor at Nature Biotechnology.

number of venture capital investments (3 out of the top 10) went into precision medicine diagnostics, a sector traditionally lacking funding. Two startups developing RNA-targeted therapies were among the top 10 deals.

### **Global biotech financing**

Last quarter saw the least debt financing and partnership money of any of the past seven quarters.\*Total deal value
