Correction to: *Nature Cell Biology* <https://doi.org/10.1038/s41556-018-0126-z>, published online 18 June 2018.

In the version of this Article originally published, in ref. 34 the first author's name was spelled incorrectly. The correct reference is: Rodón, L. et al. Active CREB1 promotes a malignant TGF $\beta$ 2 autocrine loop in glioblastoma. *Cancer Discov.* **10**, 1230–1241 (2014). This has now been amended in all online versions of the Article.

## Retraction Note: Formin' a perinuclear actin cage in confined migration

Alexia-Ileana Zaromytidou

Retraction of: *Nature Cell Biology* <https://doi.org/10.1038/ncb3547>, published online 31 May 2017.

Given that the authors of 'FMN2 makes perinuclear actin to protect nuclei during confined migration and promote metastasis' (Skau et al. *Cell* **167**, 1571–1585; 2016) have retracted their paper, I wish to retract this Research Highlight, which discussed the findings reported in that study.
