

Author Correction: A spatially resolved estimate of High Mountain Asia glacier mass balances from 2000 to 2016

Fanny Brun, Etienne Berthier, Patrick Wagnon, Andreas Kääb and Désirée Treichler

Correction to: *Nature Geoscience* <https://doi.org/10.1038/ngeo2999>, published online 7 August 2017.

In the version of this Article originally published, the symbols for ‘greater than’ and ‘less than or equal to’ were inverted in the equation that defines $\sigma_{\Delta z}$. The original (1) and corrected (2) versions of the equation are shown below. This error did not affect the calculation of the uncertainties. In addition, erroneous values that were a remnant of an earlier version of the authors’ work and higher than the final values calculated were reported for the uncertainties on ASTER estimates in Supplementary Table 4. Table 1 below shows the corrected values in bold font. These errors have now been corrected in the online versions of the Article.

$$\sigma_{\Delta z} = \begin{cases} \sigma_{\Delta h} \sqrt{\frac{A_{cor}}{5A}}, & A < A_{cor} \\ \sigma_{\Delta h}, & A \geq A_{cor} \end{cases} \quad (1)$$

$$\sigma_{\Delta z} = \begin{cases} \sigma_{\Delta h} \sqrt{\frac{A_{cor}}{5A}}, & A > A_{cor} \\ \sigma_{\Delta h}, & A \leq A_{cor} \end{cases} \quad (2)$$

Table 1 | Corrected error estimates for the data from this study in Supplementary Table 4

	Original values		Corrected values	
	MB [m w.e. yr ⁻¹]	MB [Gt yr ⁻¹]	MB [m w.e. yr ⁻¹]	MB [Gt yr ⁻¹]
