In the version of this article originally published, there was an error in the abstract. The word disease should not have been included in the sentence “These individuals were highly exposed to Mtb but tested negative disease by IFN- γ release assay and tuberculin skin test, ‘resisting’ development of classic LTBI”. The sentence should have been “These individuals were highly exposed to Mtb but tested negative by IFN- γ release assay and tuberculin skin test, ‘resisting’ development of classic LTBI.” The error has been corrected in the HTML and PDF versions of this article.
