

## Publisher Correction: Pepinemab antibody blockade of SEMA4D in early Huntington's disease: a randomized, placebo-controlled, phase 2 trial

Correction to: *Nature Medicine* <https://doi.org/10.1038/s41591-022-01919-8>, published online 8 August 2022.

<https://doi.org/10.1038/s41591-022-02070-0>

Published online: 4 October 2022

Andrew Feigin, Elizabeth E. Evans , Terrence L. Fisher , John E. Leonard , Ernest S. Smith, Alisha Reader, Vikas Mishra , Richard Manber, Kimberly A. Walters , Lisa Kowarski , David Oakes, Eric Siemers, Karl D. Kieburtz, Maurice Zauderer  and the Huntington Study Group SIGNAL investigators\*

In the version of this article initially published, in the first and final paragraphs of the Results section, the dosing schedule for pepinemab administration was described in error as “four times per week” instead of “every four weeks,” while in the Fig. 4b color key, the bottom, dark green key now reading “Much improved” appeared originally as “Minimally improved.” The errors have been corrected in the HTML and PDF versions of the article.

## Publisher Correction: Keeping the weight off

Correction to: *Nature Medicine* <https://doi.org/10.1038/s41591-023-02614-y>, published online 16 October 2023.

<https://doi.org/10.1038/s41591-023-02692-y>

Published online: 13 November 2023

In the version of the article initially published, two references were missing from the first paragraph which have now been added as references 4 and 5: Jastreboff, A.M. et al. *N. Engl. J. Med.* **387**, 205–216 (2022) and Jastreboff, A.M. et al. *N. Engl. J. Med.* **389**, 514–526 (2023). This has been corrected in the HTML and PDF versions of the article.
